Solutions for Every Need.

Secure and improve your business with an end-to-end Axis Solution. We provide a complete range of solutions, whether you need a smart system for basic surveillance or a more advanced system for security on a larger scale. All our systems are easy to install, and everything is designed with open IP standards that easily connect with your existing IT infrastructure. Our solutions adapt to your changing needs—so you can start out with a basic system and add new possibilities when you want them. With our smart solutions, you can secure and develop your business—both now and in the future.

< **Smart solutions, for now and in the future** >

 Video Encoders Integrate your existing analog system with the latest IP technology	 Cloud Capabilities Host your video through the cloud for easy access and upgrades	 Access Control Complete your system with an open and future flexible IP-alternative	 Network audio solutions Communicate alerts and improve business efficiencies
 Phone apps Applications from remote viewing to wireless installation tools	 Modular Cameras A divided camera for flexible, discreet surveillance	 ONVIF Continuing a growing support of ONVIF profiles	 Security Analytics Enhancing site security by detecting motion, intrusion and loitering
 Edge Storage For video recording directly to an onboard SD card	 Remote Viewing Applications to allow you a live view of your system from anywhere, anytime	 Cybersecurity Devices with added security features and hardening and resources available to help mitigate risks	 Thermal Cameras A reliable, unique method of detection
 Panoramic Cameras 360° overview to see everything you need	 Video Recorders An out-of-the-box ready recording solution		 Electronic Image Stabilization Steady images when cameras are subject to vibrations

The Axis Difference

<p style="text-align: center; color: #D9534F; margin-bottom: 10px;">INNOVATIONS</p> <p>Axis Lightfinder Technology—Get more life-like colors in low light conditions</p> <p>Wide Dynamic Range—Be able to maintain image visibility between the brightest and darkest areas</p> <p>Axis Zipstream Technology—Maintain high quality video at a fraction of the bandwidth and storage</p> <p>Radar Technology—Accurate and reliable area detection of moving objects</p> <p>ACAP—An open application platform to develop applications that can be downloaded and installed on Axis network cameras and video encoders</p>	<p style="text-align: center; color: #D9534F; margin-bottom: 10px;">SUPPORT</p> <p>Sales Support—Chat directly with a sales rep from 9-6 EST Monday-Friday for Axis Partners</p> <p>Technical Services—Helpdesk support 24/7 or chat support 9-8 EST Monday-Friday for your every need</p> <p>System Design Tools—Online and app-based system design tools to save you time and ensure the best results</p> <p>Product and Accessory Selectors—Designed to help you find just the right solutions for your needs</p> <p>Axis Professional Services—Expertise for customized solutions and personalized needs</p>
